👤 PROFILE

Versatile industrial and supply chain engineer with 6+ years of experience. Having discovered a passion for coding, I finished a full-stack web development bootcamp and am now looking for new challenges as a developer or a supply chain professional.

🎓 EDUCATION

Full-Stack Web Developer, Le Wagon, Mexico City
October 2020 — December 2020

Product manager for Bookclub

MSc. Supply Chain and Lean Management, Toulouse Business School, Toulouse
September 2016 — March 2018

Double degree with École des Mines d'Albi. Awarded Summa Cum Laude.

Bachelor's Degree in Industrial Engineering, Instituto Tecnológico de Chihuahua, Chihuahua
August 2008 — March 2013

💼 EMPLOYMENT HISTORY

Sr. Management Consultant at CGN Global, Chicago
April 2018 — Present

Enabled the growth strategy of a \$17B USD coffee roasting and a food processing company through the evaluation and redesign of their supply chain.

Process Engineer at Safran Electrical & Power, Chihuahua
July 2014 — July 2016

Increased manufacturing cell's efficiency from 53% to 96% in a five-month period, while reducing internal quality issues and having no quality escapes to the customer.

Invoiced Not Delivered (IND) Auditor at Cadena Comercial OXXO, Chihuahua
January 2013 — July 2014

Generated ~\$40k USD savings by reducing IND from 0.23% to 0.12% in 18 months.

★ PROFESSIONAL CERTIFICATIONS

Network Optimization, Chicago
June 2021

Certified Demand-Driven Planner, Toulouse
December 2017

Yellow Belt in Lean Management, Toulouse
March 2017

Certified Associate in Project Management, Toulouse
February 2017

Basics of Supply Chain Management, Toulouse
December 2016
